Kaellach are you the guild leader at WARG?

---

**jmacToday at 8:45 AM**

I am not. There are four in leadership roles....Myles, Injecta, Animal, and Wickd.

---

**Mike\_aka\_MikaeliToday at 8:46 AM**

Thanks

Of those 4, which of you were there day 1 when you guys broke ground over there.

---

**jmacToday at 8:47 AM**

Myles and myself. Why?

---

**Mike\_aka\_MikaeliToday at 8:47 AM**

Because I only remember talking to you.

---

**jmacToday at 8:47 AM**

I was in a leadership role then.

Well I'm just going to be honest with you. We have a problem. Dasher just relayed to us that Myles said you were allies of convenience and location only and had no desire to be allied and would never vassal. You and I both know that was not the terms of the agreement when we let you move in on top of us.

---

**jmacToday at 8:50 AM**

interesting....when I put it forth at the time, there wasn't an issue with vassalizing. Myles may not have a full understanding

I will let the others know. Two are not on atm and our Discord voice is crapping out left and right

We aren't looking to boss any of you around. As far as I know we've never asked you for anything. I feel like we have kept our end of the bargain. You have even taken some members of ours over there that were disgruntled here and I was one of the voices over here that expressed we shouldn't start an issue over it because people deserve the right to have fun and play with who they want.

Please let me know something as soon as possible. I want to get to the bottom of this and make sure we are all on the same page.

I do want to point out a discrepancy though should it come up. We were shown this spot after scouting around a bit and were told we could set up shop here with a full understanding that we would be allies of course -- which is one of the reasons why we chose this area to begin with. My familiarity with you from Telmun made this area a good choice.

The topic of becoming vassals did not come up until, from what I gather, we had started building and some of your members were uncomfortable with us being so close and not being vassalized. That's when I put becoming a vassal forth internally

Yeah you were told that by Wulfsig who has dropped himself from our council and all but joined you. Put yourself in our shoes.

---

**jmacToday at 9:01 AM**

I can't answer for what has happened since with Wulfsig -- I just wanted to make sure the history was clear. I thought the other members joined to play with fellow Aussies.

be that as it may -- there should not be any concern about our intentions. Which are to support and defend Jotunheim as much as able. There has never been any dark intent on our part(edited)

**Mike\_aka\_MikaeliToday at 9:04 AM**

I want us to live beside one another and be mutually beneficial. I told you guys that in the beginning, and I told Danite that when he left us and joined you. But we are getting a different story from your leadership now. We just need to see some commitment from you guys to this.

---

**jmacToday at 9:06 AM**

gotcha. I will send on to leadership.

---

**Mike\_aka\_MikaeliToday at 9:06 AM**

Ty

I'm going to copy this chat to our council if that's ok with you.

---

**jmacToday at 9:07 AM**

that was my intent too. Saves a lot of typing
